GORSKI, MYLAK SUED

BONES REPORTED IN
STATE OF SHOCK

By Wadley Pinkhue
SAN FRANCISCO-

-Lawyers for Time-Life Corporation announced a 10 billion dollar suit against Ron Gorski and Rich Mylak for copyright infringement. The suit alleges that Gorski and Mylak, without written consent, used pictures that appeared in the July issue of Time in an underground publication known as the Western Star Post. Gorski, who is already under disciplinary action by his boss Paul Harvey for using the Xerox machine for personal matters, has made the statement that he was only following orders from the regular editor. When asked to comment further Gorski snapped, "F-k off buddy, speak to Bones." Referring to Jim Bones, editor of the Western Star Post, Bones was reached at his Hinsdale home where he was cleaning up a leftover mess made by the party held by Gorski and Mylak in the STAR's editorial offices. Asked to comment, Bones said: "All I asked for was a few feature stories, like a review of Ivanhoe or the Hinsdale Lawn Column. I didn't expect it." Mylak also stated: "Gorski made me do it. He threatened me. If I told him IT WOULD BE WRONG." (See "SUIT," page 2)

TALES OF BLUE HAWAII

By R L Stevenson
HONOLULU, Aug 14-

-Andi Wiloy & Jim Bones said good-bye today to this sweet island state in the middle of the Blue Pacific after a stay of 2 weeks for Wiloy and 8 days for Bones.

"If you ever get the chance to visit Hawaii, don't pass it up," said an unusually tanned and rested Bones. "It's a long way to go just to lie on a beach" was the reaction from Bones' honorable wife.

Highlights of the vacation included:

--the weather. The temperatures were in the 80s and 90s, the humidity was much lower than in the Chicago area, and constant trade winds of 15-25 mph cooled it down even further.

--the Wiloy-Bones room at the Inter-Continental on Maui provided a terrace with a striking view of Pacific sunsets.

--it was during just such a sunset that the happy couple dined at the hotel's Lanai Terrace Restaurant in an evening that was perfect.

--the couple tasted the Japanese raw fish

dish sushi at a Japanese-American restaurant in Hale, and found it surprisingly palatable.

--Volcano National Park on the big island was a sight to see, as was the nature trail above lava-formed cliffs and into a tropical rainforest.

If you didn't read it here, it didn't happen...

QUOTABLE: Following the great San Francisco earthquake of 1906, hot food stations were hammered together to provide sustenance to the victims.

Above one was a sign reading: "Eat, Drink and Be Merry, for Tomorrow we may have to go to Oakland." Another person was asked why San Francisco had been destroyed while Oakland remained in tact. His reply:

"There are some things even the earth won't swallow."...

CALDENAR: August 24-30 is Loose Nuts Week, highlighted by Salute to Ginger (Broad, Boer & Rogers) Day (24th) and Carpenters' Labor Day (Come see, some saw Day)(26th)...

FIVE YEARS AGO IN THE STAR: Travis "Skip Ustairs" Calvert was reported recuperating from successful open heart surgery.

Plans were underway for the upcoming weekend's big nuptial affair between Lon "Smith" Bones and Patty Burko. Smith was reported exhibiting the nonchalant attitude for which he's famous (although some people think he's really sleeping)...

Five years ago, Jim Bones won a golf match, shooting a 54 for 9 holes at the Oakbrook Executive Golf Club. He beat Rich King (55) and Stu Truelsen (59). This is notable because at press time this week, Bones shot a 164 for 18 holes with his sudden cousins. Ah, the demise of a great, well, semi-great athlete...

BONES GETS KICKED OUT OF SF AGAIN!

By Tom Eng

For the third time this year Jim Bones gets kicked out of San Francisco. This time the mob didn't even let Bones out of the airport. With his poor wife in tow, a screaming throng of San Franciscans led Bones to another plane to get him out of the airport. Loading the crowd was that old rabble rouser Tom Eng. Eng had to sacrifice his sleep to make sure Bones didn't contaminate SF with normalcy. It is the third time this year Bones was kicked out. The previous time Bones arrived in San Francisco a mob tried to steer him to a plane back to Chicago but accidentally forced him into a jet bound for Hawaii. The Hawaiians naturally throw Bones in jail and sent him back to the mainland instructing him never to return. Bones states he will never again set foot west of the Rockies. That is, unless they still sell Coors beer. Eng is ready for Bones, next time with explosives.

PEOPLE, ANIMALS, AND THINGS

This just in: Hambone Rammachorn is alive and well and working at the North Riverside K-Mart. So reports a source close to this newspaper. Hambone is said to be looking fit, and even to have lost some weight...

It's unclear whether Phil "Chico" Kestin has lost any weight or gained any. Nobody has seen much of him lately. Nonetheless, "Chocks" reportedly is upset that the guest editors of this rag gave him a good working-over in print for the marked lack of success of his budding literary career. So far Chocks has begun work on three books, none of which appears near to publication. It's rumored that an auto-biography is next. Possible title: "Writing for Nobody..."

Bob Bones is in town during the slack season at the oil wells in Texas. Bino has curled his hair and grown a chin beard. He resembles a bronzed Greek athlete ready to throw the discus. But, we're not surprised to report, Bino still drinks copious amounts of beer and still shoots a good game of golf. Brother Tommy Bones shoots even better. He's thinking of joining the pro tour in a couple of years...

STAR Publisher Furgold T Pantsuit this week issued a heart-felt Thank you to Ron Gorski, Rich Kylak, and the various publications from which they stole material to put out the last couple of weeks editions of this newspaper. Perhaps you readers would like to see their work more often? Write and let us know...

DEMS TRY BLACKMAIL!!! by Len O'Sayko, political guy

NEW YORK--Unity was the top bet for the Democrats here, but it turns out they're going home with candidate Jimmy Carter likely to overlook many of the planks of the "Kennedy" platform. Kennedy's speech was supposed to be one of the best ever, in all of politics. Not too sure about that, since it was mostly emotion. (See "DEMS", page 3)

The biggest news in the UBA this week is Chicago's sweep of the New York Yatts. The Flubs did it 6-2, 8-3, and 5-1.

This followed Hollywood's taking 2 of 3 from Chicago. The Stars' George Foster slammed his 21st homer during the ~~xxxxxx~~ series. He now has 58 RBIs. And in the game Chicago won, Dizzy Dean bosted Franklin Pierce 3-1 thanks to a Frank Demarco 2 run homer in the 9th.

Galesburg took two of three from Springfield to move into 4th place. The Caps won the millo game, an 11 inning 4-3 affair. Rick Ur's 23rd homer broke it up. An' Rick Rouschol hurled a shutout for Galesburg in the finale, a 5-0 outcome won by the Wizards. (APPA)

REMARKABLE PITCHERS' DUEL

HARTFORD, CONNECTICUT, May 1, 1876--The Boston Red Stockings and the Hartford Dark Blues today played 17 innings here, with the Red Stockings finally winning it 3-0. All the runs scored on a homerun by Jack Manning.

Feghorn Bradley (2-0) and Tommy Bond (1-1) both itche' the entire game, and Ben' notched the remarkable total of 8 strikeouts. No ~~man~~ substitutes were used in the contest, and Boston remains undefeated in five games in the National League. (REPLAY)

FOOTBALL

Brian Bonos, 9 year old son of Ray & Sharon of Lewant, is reported to have embarked upon an auspicious football career in the Pop Warner league. Brian scored two touchdowns this week, caught two passes (next column)

creation of j's. The only thing
Kennedy forgot to mention was how
to do it! Same kind of "great speech."

But my big point of the day is
the way the Democrats ramrodded thru
a plank that would withhold party
funds from candidates who do not
support the Equal Rights Amendment.
What a laugher! These are the same
people who demanded an "open" con-

The GOP should really have fun with

A YOUTHFUL AUGUST/ SUMMER CAMP

EFFINGHAM, ILL--Clyde C Netzley
brought his Augusta Winds to the
shores of Lake Sarafer this year's
rookie summer camp.

Although Netzley is tight-lipped
about his 5 rookies, the indications
are that it will be difficult to
make the final cut this year. With
only 4 of Augusta's 14 players being
guards it's apparent that Netzley is
beset with some fine young forwards.
Look for Augusta to do some trading.
